

Ripple

Saunders Summer Startup VII
August 9, 2017

Company Profile

An online community where **freelancers can collaborate** on projects to **obtain a consistent income** while keeping their **flexible work schedule**.

Chase Poirier

Madison Yocum

Arpan Shah

Ishan Chhabra

The Problem

Freelance work is being commoditized

Agencies have an unfair advantage on larger projects

No easy way to collaborate while keeping desired lifestyle

The Solution

A web platform where freelancers can form **Virtual Agencies**

Freelancing

Flexible Schedule
Remote Work
Variety of Projects

Agency

Consistent Projects
Established Brand
Team Collaboration

Customer Discovery

108 Interviews

Key Findings:

Difficult to collaborate:

58%

Inconsistent income:

62%

“Hard to find people to **effectively collaborate** with” - Eleonora A.

“Finding consistent work is the biggest problem” - Joleene M.

“Difficult to build client base and stand out” - Rebecca G.

The Customer

Hannah - Graphic Designer

"I will **go back to my job** [at design agency], even though I enjoy freelancing more."

Lacy - Copywriter

"I don't really have a good idea of where to find a person to collaborate with."

Jeff - Web Developer

"We need to **expand** our services to **get more clients**."

The Virtual Agency

Form and brand a team

Collaborate with top talent

Obtain a consistent income

Market Size

US-based
Freelancers
(55M people)
\$6.6B

Developers,
Designers and
Writers
(15M people)
\$1.8B

Need to
Collaborate
(6M people)
\$720M

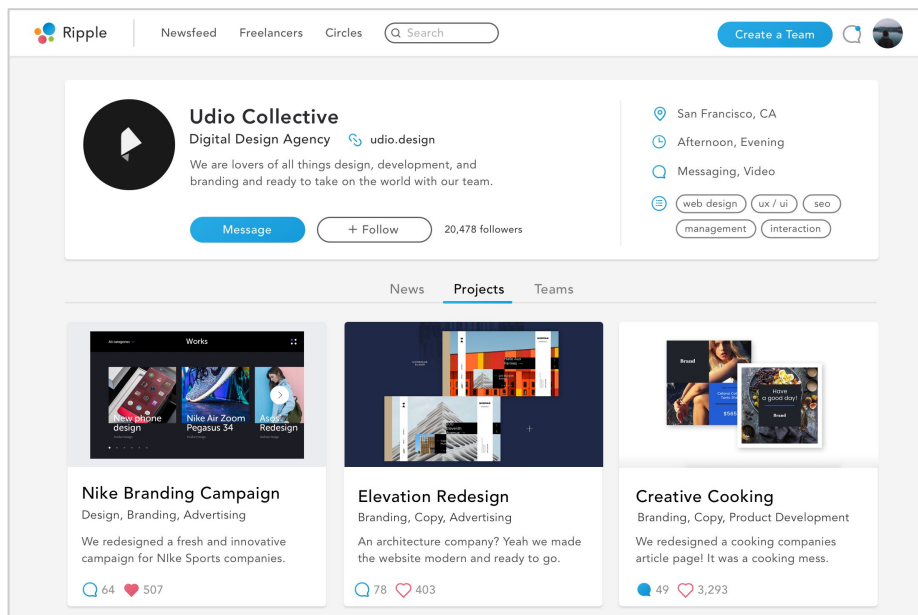

Value Proposition

For **full-time freelancers** in development, design and writing who want to compete with top agencies and keep their **flexible work schedule**, Ripple provides a selective community where accepted users can **collaborate and work** alongside other **high quality freelancers** at an average subscription fee of \$20 per month.

Unlike our competition, we help freelancers **obtain a consistent income** as a result of our **virtual agency building feature**.
